2024

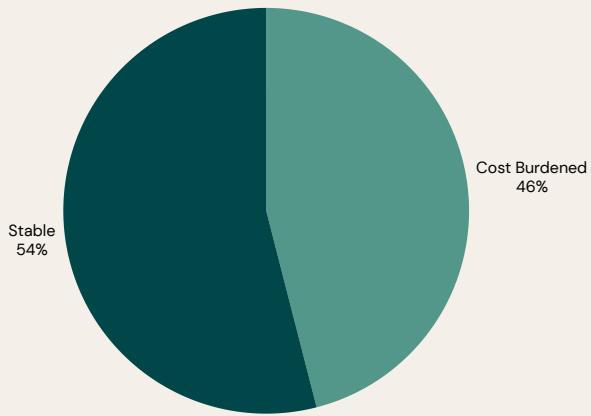

Everyone deserves a bed.

We restore **hope, dignity** and **stability** by delivering donated furniture to families recovering from homelessness.

Housing stability begins when 30% OR LESS of income is spent on housing.

On average, Tampa Bay requires families to spend **42.61%** of income to pay for housing—often leaving nothing left for furniture and the household items necessary to thrive..

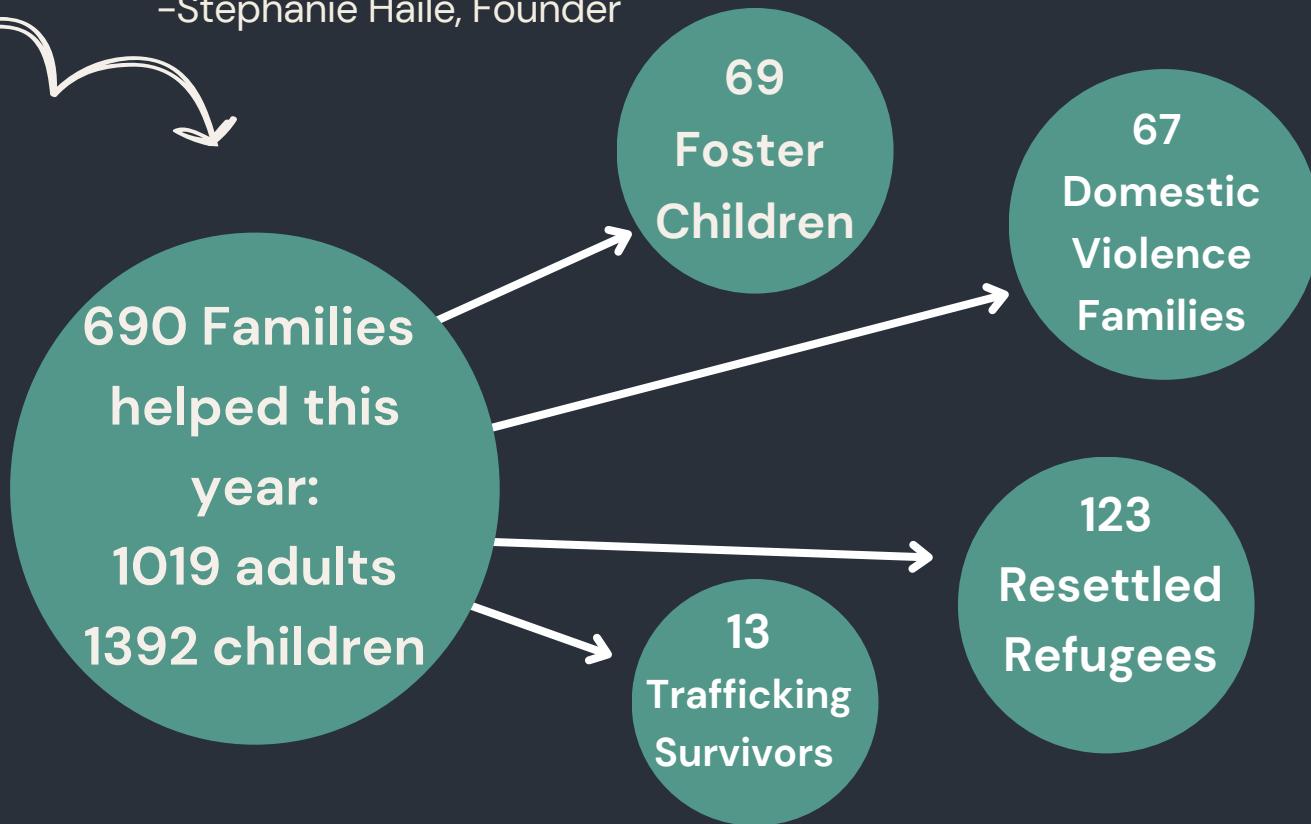

46% of households in Tampa Bay are Housing Cost Burdened

"I want people to imagine what it would be like to sleep on the floor or not have a pan to cook with. That's the reality facing thousands of people in our community. We provide the solution."

"I am a single mother of a mother of 3 children and I do work, but I also just got a 2 bedroom apartment and it is really hard for me to furnish it right now. I am really low on funds. I am trying to save up for my next month's rent. I am really just restarting my life over again and trying to make sure my babies have everything they need."
